EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Conners on April 9th, 2007.

The application has been amended as follows:

Cancel claims 14-16, and 39-51

Replace remaining claims 1-13, 17-38, and 52-62 with claims 1-13, 17-38, and 52-62 as attached hereto.

The following is an examiner's statement of reasons for allowance: The closest art of record when considered alone or in combination fails to fairly teach or reasonably suggest the claimed gaming device including the combination of a bonus game employing multiple bonus game outcomes wherein the multiplier selected and applied to each round of the bonus round outcome is either increased for each and every subsequent round or alternatively modified with respect to a previously selected multiplier and independent of the reel outcome and without consideration of any previously paid awards during previous rounds.

The closest art of record Perrie et al (US 6,305,686), teach the inclusion of a multiplier feature during a bonus game however Perrie et al restricts the modification of the multiplier to game rounds absent of a winning outcome.

The second closest art of record Englman (US 7,147,559) teaches the feature of modifying a multiplier with respect to a previously applied multiply however, Englman fails to qualify as prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert Mosser whose telephone number is (571)-272-4451. The examiner can normally be reached on 8:30-4:30 Monday-Thursday.
